Cancun (from the Mayan: Kan Kun which means “place/ seat/throne of the snake”) is located in southeast Mexico on the Yucatan Peninsula. Cancun is the most important destination in the Mexican Caribbean coastline and it is a strip of land shaped like a “7”, stretching 15 miles over the Caribbean Sea. The hotel has the best beach in Cancun, with crystalline turquoise shallow waters, natural white sand and no sea currents; it also has the best location, as it is only a 15-minute walk from the Convention Center, shopping areas, bars and restaurants, as well as Cancun’s most famous nightlife.

INFRASTRUCTURE

The hotel is made up of two buildings whose 300 rooms have been recently refurbished with a modern design and flawless comfort. A building has 10 floors with 11 spacious rooms per floor, with the exception of the top floor, which boast 6 suites. The second building has 6 floors with 184 luxury rooms on 4 floors, plus 2 floors of Club rooms and Suites. More rooms overlooking the Caribbean Sea have been built, some of which feature rain showers. All rooms offer the same quality of bathroom amenities, LCD television screens, internet and wireless keyboards.

The hotel is known for its culinary quality, with two restaurants that are just off the beach. **El Caribeño** is a restaurant under a palapa, which offers Caribbean-Mexican cuisine, **Le Cap** specializes in Mediterranean cuisine with the best seafood and fresh dishes; the **Deck Bar** is ideal for a drink at any time of the day and finally **Epicentro**, which offers coffee, tea, pastries and sandwiches during the day; in the afternoon, there you will find the widest range of gins, rums and tequilas.

We also have a family pool area and an adults only area, a newly opened spa, water sports center, gym, business center and travel agency.

MEETINGS

President InterContinental® Cancun Resort offers 2602ft² of floor space, spread over 5 rooms, ideal for meetings, breaks and social events. The hotel also offers the possibility of outdoor evening events in the garden or pool areas.
